Verbal time is enough. But for numerical and letter series,timeis not enough.

So here Iam giving flow chart answersin sequence. These answers are perfectly in sequence,donot worry, youcan keep these answers blindly.

There are 7 flow charts we know only 6 flow charts answers.

Donot thinkabout these answers are correct or not , these are 100% correct. We tested here.

section 3 letter series : 26 questions 10min

section 4 reasoning type : 14 questions 20min

setion 5 flow charts : 7 questions 35min

Each sectionis having separate time. I could not complete letter series,  
numerical ability questions in time. Flow chartssection i kept within 5  
min afterwards I cam back. If they see I will fuck you. So be care.

Group discussion topics:

1. Brain drain: i.e. related to why immigration to U.S; I opposed partially and supported partially

2. Electronic media effect; Internet, TV ,Email multimedia

G.D they won't eliminate so many people. but you have participate  
with enthusiasm.You talk something. Interview as usual, stereoscopic questions.like TCS.

I went upto interview, afterwards out.

BEST OF LUCK. If you want any help always welcome.

I am adding some question which are not above. these question are regarding flowcharts.

Instructions:

1) There are 7 flow charts & each has 5-6 blank rectangles/diamonds with subquestion no. in rectangle/diamond. you have to fill the blank from the

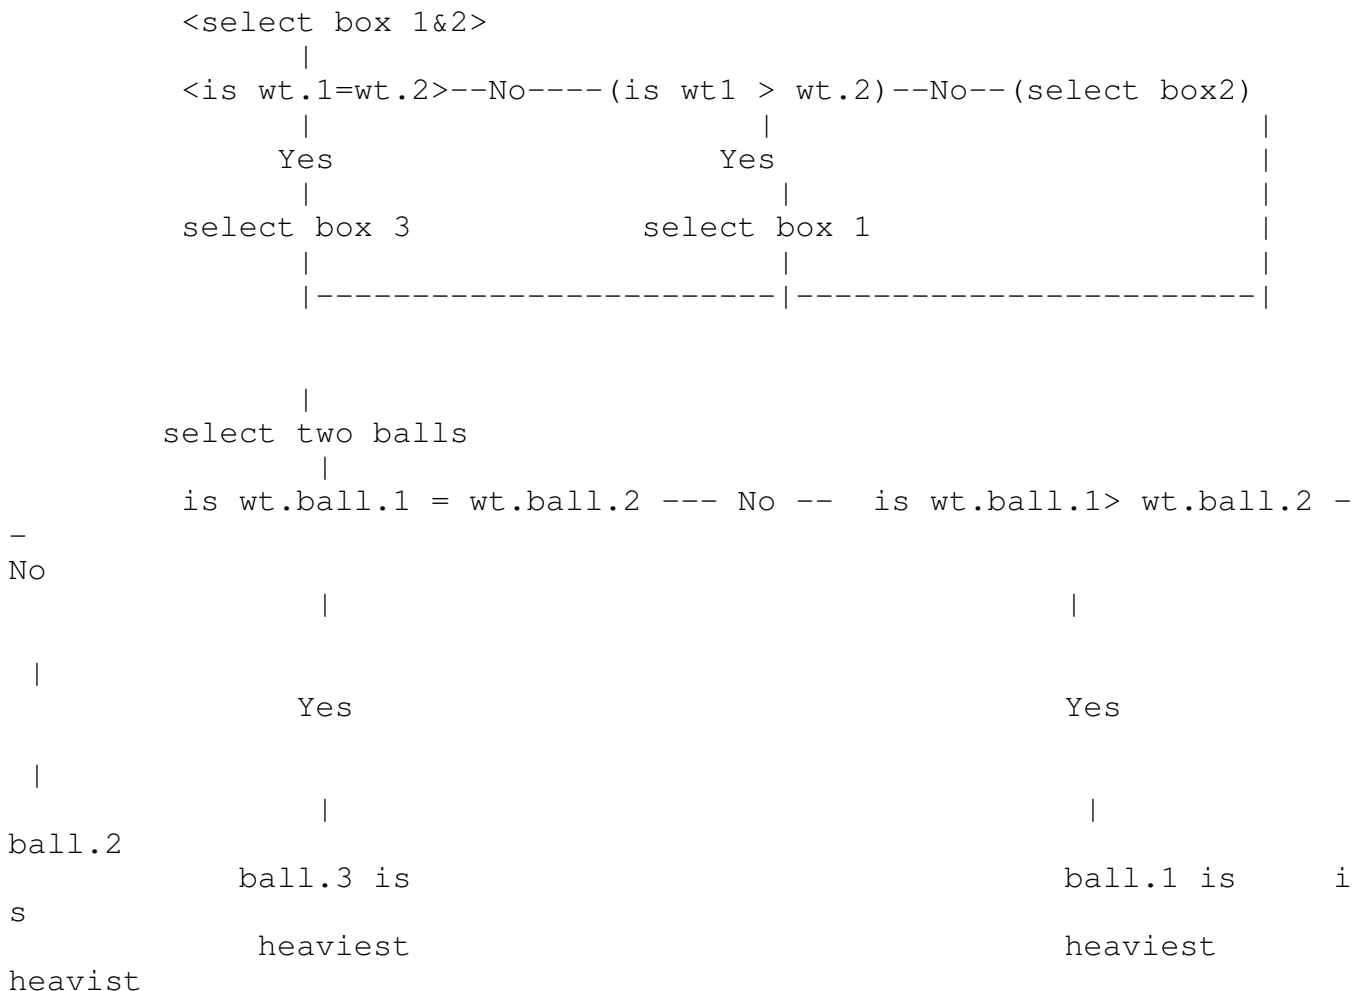

5 options given against respective question no.

2) You have to understand the logic & then it is very easy to fill the blanks.

3) they had provided some information which you have to use for getting answers.

Flow charts:

1) there are 3 boxes of 3 balls each. you have to select the heaviest among all.

so there will be some blank in this flow chart and u have to fill up the blank with correct option.

Q2)

there are red and black balls. if ball is red then one point. if ball is black and previous ball is red then two points. For winning u have to get seven points. No point for same color consecutive balls.

Q3)

Classify objects in class A, class B and scrap. for classfing u have to do diffrent test such as weight, material etc. and Flow char for this ques. will be there along with some blanks.

Q4)

There is production process in which action depend on temprature and pressure. and there are temp. and press. controls.

Q5)

find max. and min. of the 12 nos. there will array and u have to arrange the numbers in assending/ descending order and find out max. and min.

Q6)

different age group are given and also different salary slabs are given. so depending on the salary group as well as his group u have to fill the person in particular class. (ques. is not in exact form.)

one ques. do not remember.
