

# **Interview Experience**

## **(Crystal Power)**

Prashant Kumar Rai (MCA 2020-2023)

### **Online Assessment**

This Round had questions covering 4 sections (an SQL query, Aptitude questions, CS MCQs, and a DSA Question). The duration of this round was 45 mins.

### **Technical Round**

The Interviewer asked me to introduce myself and then he gave a brief introduction about himself. Then he asked me to explain my projects and how I implemented several features. He also gave me a situation and a feature to add to my project and asked how I would proceed with it. Then he moved on to basic SQL and Networking questions. Overall the Interview went well, I asked him some questions about work-life balance at Crystal Power. The duration was about 45-50 mins.

### **HR Round**

The Interviewer started with her introduction and the role, then asked me to introduce myself. She asked for my Resume and started asking questions based on the stuff written on it. Then we had a discussion on my projects. The duration was about 15-20 mins.

### **Result**

3 students were selected for Intern+Conditional FTE

### **Suggestions**

- Ask Questions at the end.
- Keep your resume 100% true.
- Be Honest throughout the interview.
- Do your research beforehand
- Be Calm and Confident, It's just a discussion, not an interrogation.
