

# INTERVIEW EXPERIENCE - AXTRIA

## Aman Sharma – MCA

**Total Rounds - 3**

### **Round 1 - Online Assessment (90 minutes)**

- Total Number of Questions – 75
- Questions are from these sections - Verbal Ability, Quantitative aptitude, Logical Reasoning, Data Interpretation and CS fundamentals.

**Shortlisted students - 21**

### **Round 2 - Technical Interview (20 minutes)**

The interviewer started with my introduction and then asked me about my projects. Then he asked me what are database SQL joins and explain them. He also asked me some basic python concepts questions.

Then he asked me one puzzle question – Days of Month using two blank face dices.

### **Round 3 - HR Round (15 minutes)**

The interviewer introduced himself and asked me to do so. He first asked me about my family. He then asked me about my all the projects which I have mentioned in my resume. He asked me have you done this project alone or in a group?

He asked me what do you know about Axtria and what is the preferred location where I can join. Then he asked me, if I had any questions.

### **Points to Remember :**

- You must know everything about your projects inside and out.
- Be clear and honest while answering.
- Most importantly, Keep Calm and Be Positive.
