INTERVIEW EXPERIENCE - AXTRIA
DEEPALI - MCA

Total Rounds : 3

Round 1 : Online Assessment (90 mints)

There were a total of 75 questions (Verbal Ability, Quantitative aptitude, Logical Reasoning, Data Interpretation and CS fundamentals).
Shortlisted students : 21

Round 2 : Technical Interview (20 mints)

The interviewer started with my introduction and then asked me to explain one of my projects. Then he asked related questions from my project. As I was from a maths background, he asked me some basic questions like what is the difference between arithmetic and quadratic equations , and asked me to give examples also. He asked me what linear regression is , and further asked me to write an equation for the same. He asked me what technologies I have learnt till now. He asked me what subjects I have studied in my graduation. He also asked me some questions to check my presence of mind. Then he asked me ..have you done any project in group , tell me the challenges you faced while working in group, how you managed things. At the end, he asked if I had any questions.

Round 3 : HR Round (15 mints)

The interviewer asked me to give a short introduction of myself. Then he asked me to give a short summary of my project. He asked me have you done this project alone or in a group ? Then he gave me some situational questions. He asked about extra - curricular activities which I have mentioned in my resume, my strengths and weakness.Then, he asked if I had any questions.

Suggestions and Recommendations :
- Keep your resume 100% true , anything can be asked in detail.
- Be confident while answering the questions.
- Keep calm and have a healthy interaction.
